I have recently completed my degree in Bachelor of Computer Sciences in Multimedia Computing at UiTM Kampus Jasin. With a background in web development, animation, and game development, I am seeking a job to apply and enhance my skills. Proficient in PHP, HTML, CSS, JavaScript, Laravel framework and experienced in responsive website creation, as well as skilled in 3D animation and game development using Blender, and Unity. I am a dedicated and adaptable individual, eager to contribute my passion and technical abilities to a professional work environment.
